I hereby authorize my son/daughter to leave the campus of the University of Ottawa, in the company of three other participants and without the supervision of a monitor. Unsupervised outings will be approved by a monitor who will record the names of the participants as well as their destination. Participants will be required to return by a set time. A late return will result in a warning.

These outings:
- are of short duration;
- are only allowed around campus (by foot);
- can be revoked at any time by the coordinator.

The University of Ottawa cannot be held responsible for injuries or accidents incurred during these outings.
